

Arnold Schwarzenegger, Governor

STATE CLEARINGHOUSE

NEWSLETTER

December 1-15, 2005

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **December 1-15, 2005.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Senior Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

Governor's Office of Planning and Research State Clearinghouse

Date: December 5, 2003

To: All CEQA Lead Agencies

From: Terry Roberts, Director, State Clearinghouse

Re: Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or state.clearinghouse@opr.ca.gov.

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Thursday, December 01, 2005</u>			
2000122087	Regional Transportation Plan for Stanislaus County Stanislaus Council of Governments --Stanislaus The county is proposing to amend the General Plan to update the Circulation Element consistent with the StanCOG Regional Transportation Plan and the general plans of the cities in the county. The County is also proposing to: 1) update the technical assumptions in the Plan consistent with the adopted regional forecast; 2) make changes to the goals, policies and implementation measures, as needed to clarify County intent; and 3) add, modify, or delete implementation measures to achieve the goals and policies in the Circulation Element.	EIR	01/17/2006
2005081042	St. Regis Redevelopment Project Los Angeles, City of Los Angeles, City of--Los Angeles The project would include 147 luxury residential condominium units, resident amenities, a 7,000 square foot restaurant and either (a) 27,000 square of resident-focused specialty uses or (b) a 43,000 square foot private membership facility. The project would include approximately 576,000 square feet of Floor Area and will be approximately 480 feet in height.	EIR	01/17/2006
2005122008	Proposed Extension Petition for the Interim Instream Flow Requirements Under State Water Resources Control Board Revised Water Right Decision 1644 Yuba County Water Agency Marysville--Yuba Yuba County Water Agency (YCWA) is submitting a petition to modify the terms of YCWA's water right permits to change the effective date of RD-1644 long-term instream flow requirements from April 21, 2006 to March 1, 2007. Additionally, pursuant to Water Code §1725, YCWA and the California Department of Water Resources (DWR) propose to conduct a one-year water transfer for 2006 (April 2006 through February 2007). The proposed project would enable a one-year water transfer of up to 125,000 acre-feet of water from YCWA to DWR, which would provide YCWA a source of revenue and assist DWR in meeting a substantial portion of the Environmental Water Account Program asset acquisition goal for 2006. The proposed project involves YCWA transferring water from New Bullards Bar Reservoir via the Yuba River Development Project (Yuba Project) facilities to DWR via the lower Yuba River, lower Feather River, Sacramento River, and the Delta.	MND	12/22/2005
2005122001	Bear Creek East Specific Plan Project Stockton, City of Stockton--San Joaquin The project proposes a specific plan and associated entitlements for an approximately 330 acre site to develop 2,285 single and multi-family residential units, 15,000-20,000 square feet of retail commercial uses, an elementary school and approximately 26 acres of parks, trails and Village Green area. An additional 21 acres would be dedicated to drainage detention, buffer area, creekway, and other open spaces. Proposed entitlements and actions include a specific plan, annexation, a general plan amendment, rezoning, a development agreement and tentative maps.	NOP	12/30/2005

<u>Documents Received on Thursday, December 01, 2005</u>			
2005122002	Sacramento GreenCycle Sacramento County --Sacramento The project is the construction and operation of a solid waste facility that will accept and process a maximum of 600 tons per day of green material from Sacramento County residential green refuse. The facility will compost recycle and compost the green material.	NOP	12/30/2005
2005122006	Marketplace Redevelopment Project Emeryville, City of Emeryville--Alameda The proposed project would redevelop an underutilized 15-acre mixed-use site by adding up to 340 for-sale condominium and up to 75,000 square feet of retail space in four new buildings, as well as ~600 new parking spaces, and site improvements and enhancements. The existing mixed uses on the site would remain, including Public Market building (94,665 square feet), the Marketplace Office Tower (121,260 square feet), and the UA Theater building (10-screens in 40,000 square feet).	NOP	12/30/2005
2005082098	Parcel Map Application No. 2005-21 - Sheree Vegas Stanislaus County Oakdale--Stanislaus To divide an existing 100 acre parcel into 2 parcels, one at 60 acres and one at 40 acres. The property is zoned A-2-40 with a Williamson Act Contract.	Neg	12/30/2005
2005121001	Santa Rita Road at Old Creek Bridge Repair Project ED 04-523 San Luis Obispo County --San Luis Obispo Proposal by County Public Works replace several piers and stabilize the creek bank at the Santa Rita Road Bridge at Old Creek east of the community by Cayucos, CA. The proposed project will involve: 1) Placement of a temporary culvert within the stream channel to isolate the work area to prevent any soil/sedimentation reaching the creek; 2) Placement of a crane on the road above the bridge. Holes will be saw-cut through the deck of the bridge. The crane will pick up the pile(s) and the hammer, lower the pile(s) through the holes, placing the tip at grade next to the existing pile(s). Labors will be under the bridge guiding them in place. The hammer will then pound the piles in place from a position over the bridge. Once the piles are driven, laborers will cut off the top of the piles with a welding torch, then maneuver the top of the pile(s) under the cap beam, probably with a "come along," weld a bracket bearing plate to the top of the pile(s) and bolt it to the beam. Then holes will be drilled into the perimeter edges of the saw cut holes on the deck, rebar will be placed in them, a form board will be placed under the saw cut holes and concrete will be placed in the hole(s). 3) Construction equipment will repair a historical access road down the creek bank just upstream from the bridge. This will require the placement of approximately 10 cubic yards of temporary fill.	Neg	12/30/2005
2005121002	Miali Grading Permit PMT2004-03278 San Luis Obispo County Paso Robles--San Luis Obispo A proposal by Rick Miali and Justin Sorrentino to grade for a driveway and for a single family residence with an attached garage which will result in the disturbance of approximately 0.75 acres on a 1.049 acre parcel and 340 cubic yards of cut and 320 cubic yards of fill. The proposed project is within the agriculture land use	Neg	12/30/2005

2000011075	Lower Owens River Project Los Angeles, City of --Inyo Restoration of Lower Owens River by providing flows to the river to enhance fish, wetland, and riparian habitats, creating new wetlands through seasonal flooding at the Blackrock Waterfowl Habitat Area, releasing flows to the Delta Habitat Area to maintain and enhance wetlands, and modifying grazing practices on land leases from the City of Los Angeles adjacent to the river.	NOD	
2002062111	Chemically Enhanced Detention Basin Pilot Study Caltrans #3 --Placer The Water Quality Improvement Project consisted of the implementation of infiltration basins at fourteen sites along a two mile segment of SR 267. For fiscal reasons, the scope of the project was ultimately reduced, and seven of the sites were placed on hold until additional funding became available. These seven sites have now received funding (EA 1C9270) and design of storm water treatment BMPs for the sites is proceeding. Three of the seven sites have been selected for design as infiltration basins, as previously planned. However, the remaining four sites have been selected for design as infiltration basins, as previously planned. However, the remaining four sites have been selected for design as chemically-enhanced detention basin (CEDB) pilot sites. The CEDB pilot study portion of this project represents a change from the MND that was approved for the Brockway Summit Water Quality Improvement Project. As a result, the SND was prepared to describe and assess any potential environmental impacts of the CEDB pilot project.	NOD	
2005051154	Buena Vista Creek Trail Extension Vista, City of Vista--San Diego The proposed project consists of a Capital Improvement Project to design and construct a pedestrian and bicycle trail along the south side of Buena Vista Creek from Capri Drive to Vale Terrace Drive.	NOD	
2005062050	West Fork Estates Alpine County Planning Department --Alpine Residential subdivision containing nine single family lots and 14 acres of open space on a total of approximately 54 acres.	NOD	
2005082126	Removal Action Workplan for the Salz Tannery Site Toxic Substances Control, Department of Santa Cruz--Santa Cruz The Department of Toxic Substances Control (DTSC) is considering approval of Removal Action Workplan to address soil and groundwater impacted by chemical releases from historic tannery operations so that the site can be safely reused.	NOD	
2005091128	Kearney Basin Relocation Fresno Irrigation District Fresno--Fresno The Fresno Irrigation District proposes to relocate the current Kearney Basin, located between California Avenue and Kearney Boulevard, east of Marks Avenue within the City of Fresno to two parcels of approximately 50 acres, located on the northwest corner of Church and Valentine Avenue. Lower Dry Creek Canal runs through the property from the northeast corner and FID has determined that the	NOD

	new site would provide the same benefits to recharge and surface as the existing site.		
2005101069	LVMWD Proposed Mulholland Highway Potable Waterlines Improvements Las Virgenes Municipal Water District Calabasas--Los Angeles The proposed modifications are divided into two phases. Phase 1A includes new pipeline (10 and 12 inch diameter) within the Mulholland Highway right-of-way between Old Topanga Canyon Road and Dry Canyon-Cold Creek Road (5,800 feet). Phase 1B includes new pipeline (10-inch diameter) within the Mulholland Highway right-of-way from the Cold Canyon Pump Station near the Cold Canyon/Mulholland Highway intersection east to the Stunt Road/Mulholland Highway intersection (4040 feet). Phase 2 involves the installation of three segments of 10-inch diameter pipeline. The northern portion would extend from the Mountain Park Drive / Mulholland Highway intersection northeast to the Valley View Road / Mulholland Highway intersection (2,200 feet).	NOD	
2005102110	Sly Park Pre Fire Mgmt Area I & II, Uncle Tom's Cabin Pre Fire Mgmt Area 1 El Dorado County --El Dorado The El Dorado County Resource Conservation proposes to conduct pre-fire management activities which include fuel reduction maintenance treatments for the existing Rupley Tree Fuel Break located in Sly Park between Sly Park Road and Park Creek Road. Direct benefits to surrounding communities are not only the maintenance of vegetation in a condition such that unplanned fires can likely be controlled or held as a ground fire in existing strategic fuel-breaks, but also the development of new fuel-breaks. No heavy equipment will be used off road. Ornamentals and special landscaping features will be protected.	NOD	
2005118448	Adoption of Revisions to the Existing Renewable Facilities Program Guidebook Energy Commission Sacramento--Sacramento The purpose of this activity is to revise guidelines previously adopted by the California Energy Commission to govern the general administration of its Existing Renewable Facilities Program pursuant to Public Resources Code section 25742. The guidelines revisions adjust the criteria for calculating the payment of production incentives for eligible biomass power plants participating in the program and increase allowable production incentives by \$0.008 per kilowatt-hour for November 2005 through April 2006 generation and by \$0.005 per kilowatt-hour for May and June 2006 generation. This adjustment reflects the higher cost of diesel fuel to collect, process, and transport biomass fuel for participating biomass power plants, and is being implemented pursuant to Public Resources Code section 25742, subdivision (b), which authorizes the California Energy Commission to make adjustments to reflect changing market contractual conditions as well as inflation. The California Energy Commission and participants of the Existing Renewable Facilities Program benefit from the adoption of revisions to these guidelines.	NOE	
2005128001	Pole Creek Emergency Debris Basin Fish & Game #5 Fillmore--Ventura Construction of a temporary sediment basin and removal of a portion of an existing concrete lined channel in Pole Creek downstream of Highway 126.	NOE

2005121008	Tentative Tract Map (TTM) 53067 Time Extension Palmdale, City of Palmdale--Los Angeles A request for a discretionary time extension to subdivide 19.55 acres into 68 single family residential lots, including a detention basin on lot No. 8.	Neg	01/03/2006
2005121010	Torrence Minor Use Permit DRC2004-00082 San Luis Obispo County San Luis Obispo--San Luis Obispo Request by Pattea Torrence to allow for a change of use in a commercial building from an antique store to a deli, to allow the second floor to be used as a meeting hall with meetings limited to 52 times per year for up to 45 people, to allow wine tasting with the hours or 10:00am to 4:00pm, and to allow 15 special events a year for up to 100 people. The project will include parking areas and the closure of Old Price Canyon Road at Highway 227 and the construction of a through road from Maxwellton to Old Price Canyon Road. The project will result in the disturbance of approximately 20,000 square feet of a 7.88 acre parcel.	Neg	01/03/2006
2005121011	Anderson Minor Use Permit DRC2005-00002 San Luis Obispo County San Luis Obispo--San Luis Obispo Request by Arthur Anderson for a Minor Use Permit to allow a 4,738 square foot single family residence with attached garage. The project will result in the disturbance of approximately 5,000 square feet of a 2.79 acre parcel. The proposed project is within the Residential Suburban land use category and is located at the northern terminus of Starr Court approximately 80 feet north of Valley View Lane in the community of Los Osos. The site is in the Estero planning area.	Neg	01/03/2006
2005121012	Hazardous Waste Management Facility Closure Plan Approval, Santa Susana Field Laboratory, Area IV Toxic Substances Control, Department of Simi Valley--Ventura The Boeing Company and the U.S. Department of Energy revised a Closure Plan for the Hazardous Waste Management Facility (HWMF) located in Area IV of the Santa Susana Field Laboratory. The HWMF consists of two separate structures called Building 29 and Building 133. Building 29 stored alkali metal waste and/or surplus, primarily sodium and potassium. The waste alkali metals were generated from research and development projects on heat exchangers using alkali metals. The waste material and contaminated equipment were transferred to Building 133 for treatment. The materials were placed in a chamber where gas burners melted	Neg	01/03/2006

	and facilitated the reaction of the alkali metals with the ambient air. Water was then sprayed in the chamber finalizing the reactions and producing caustic alkali wastewater. The wastewater was collected and shipped off-site for disposal. The HWMF has been inactive since 1997 and all hazardous waste inventory has been treated and/or removed. The Closure Plan proposes to demolish the buildings and send the debris off-site for disposal. Any contamination found under the facility will be excavated and disposed to an off-site facility. Archaeological pictographs located on the Santa Susana Field Laboratory are not located in the project area. Some sensitive plant species have been identified in the project area and will be protected.		
2005122009	Symm City Subdivision / Planned Development Chico, City of Chico--Butte Proposed subdivision to create 28 lots for single family residential development and two duplexes at a density of 6 units per acre. As part of the planned development permit, the applicant is requesting reduced lot sizes and reduced lot widths for some lots.	Neg	01/03/2006
2005122021	Tentative Parcel Map - Zicker, John E. Plumas County --Plumas Tentative Parcel Map to divide 212 acres into four parcels of 6.2 acres, 4.8 acres, 3.3 acres, and 4.3 acres with a remainder of 193 acres for single-family and agricultural uses.	Neg	01/03/2006

2003111073	National City Retail Project National City National City--San Diego The project proposes development of a 150,354 square-foot retail warehouse, including a 144,041 square-foot warehouse and sales area, a 5,200 square-foot tire sales/installation center, a 1,113 square-foot food service/concession area, and a loading dock. The project also proposes construction of a 16-pump fueling center in the northwest portion of the site. Lastly, the project proposes construction of 740 surface parking stalls, of which, 15 stalls would be designated for handicap use.	NOP	01/04/2006
2005121025	Providence Pointe Fontana, City of Fontana--San Bernardino The 34.4 acre Providence Pointe project as proposed will consist of a mix of commercial-retail, single family residential units and attached townhomes/flats in an urbanizing area of north Fontana. A total of 10.4 acres will be developed with commercial-retail land uses that will provide a maximum of 121,000 square feet of building space. The remaining 24.0 acres will be developed with residential land uses consisting of 89 single family units on 4,000 square foot lots and 126 townhomes/flats. The maximum number of residential units provided within the Providence Pointe development will be 225 units. Other amenities to the community will include an integrated system of paseos and greenbelts, recreation center, and a central plaza area. The proposed project will be phased in a logical sequence and in response to market demands. A total of three construction phases are planned over an approximate five-year time frame.	Neg	01/04/2006

2005071066	Stott Outdoor Advertising CUP for the Construction of Two Non-Appurtenant Illuminated Outdoor Advertising Signs Humboldt County Community Development Services --Humboldt Stott Outdoor Advertising CUP for the construction of two non-appurtenant illuminated outdoor advertising signs. The two billboards will be 12' x 40' in size with an overall height of 50'. Each billboard will be supported by a single steel pole. The signs are proposed on a 14-acre parcel that is currently developed with a wood processing facility. The signs will use electricity from an existing service and will not require any other services. The signs will be removed at the end of a 15-year term as expressed in the MND.	NOD	
2005128050	Development of the Museum of the City of San Francisco in the City of San Francisco in the Old Mint California Cultural & Historical Endowment San Francisco--San Francisco This Project involves only the planning of the Museum of the City of San Francisco in the Old Mint and does not include any activities involving construction. This planing includes the schematic design, design development, construction documents and the museum design. All plans will meet the U.S. Secretary of Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Properties.	NOE	
2005128051	Install Concrete Vault Restrooms at the Confluence and Mammoth Bar Parks and Recreation, Department of --Placer Install four pre-cast concrete vault restrooms within Auburn State Recreation Area. Two will be installed at the Confluence area of the park unit and two will be installed at the Mammoth Bar area of the park unit. These concrete vault toilets will replace existing portable chemical toilets at some of these locations. The restrooms will better serve existing public use at these areas. The buildings are self contained and require no utility services or sewer connections.	NOE	
2005128052	Annual Maintenance Herbicide Spraying Parks and Recreation, Department of --El Dorado Spray herbicides to control weeds immediately adjacent to developed facilities and administrative areas within Marshall Gold Discovery State Historic Park. Treatment locations include around buildings, restrooms, picnic sites, radio repeater sites, fences, walls, fuel tanks, signs, garbage containers, sheds, gates and utility sites. The purpose of the spraying is to control weeds to create a fire safe buffer around facilities and to maintain the appearance of facilities to park standards.	NOE	
2005128053	Install Flag Pole Footings Parks and Recreation, Department of --El Dorado Install the footings and sleeves for two removable flag poles on either side of Highway 49 as it passes through Marshall Gold Discovery State Historic Park. The purpose of the flag pole footings is to allow the installation of removable flag poles on which to attach banners for special events at the park unit. Banners are currently hung from trees. It is dangerous for staff to climb trees to hand the banners. The project will require excavation of holes on the shoulders of Highway	NOE

2005122029	Center Pointe at Laguna EG-05-866 Elk Grove, City of Elk Grove--Sacramento The proposed project includes Design Review for an office complex consisting of 14 single story buildings totaling 127,909 gross square feet, and a Tentative Parcel Map to divide the 10.920 acre site into 14 parcels in order to create a separate legal parcel for each building. The office buildings will range in size from 8,412 to 14,386 square feet. The office complex will be accessed through ingress/egress points off of Longport Drive and an access road off Klagge Court, and will have 493 parking spaces.	Neg	01/05/2006
2002052143	Creekside Village Apartments Santa Rosa, City of Santa Rosa--Sonoma The project includes rezoning of the project parcel from R-1 (Single-Family Residential) to R-3-18-PD (Multi-Family Residential Planned Development), and it requires a lot line adjustment for three parcels. In addition to the condominium and senior apartments, the project includes dedication of 4.14 acres of creek setback along Santa Rosa Creek and dedicaiton of a 2.1-acre park Carrillo Adobe park to the City of Santa Rosa.	NOD	
2004091035	Santa Maria Closed Landfill Cover Repair Santa Barbara County Santa Maria--Santa Barbara The Santa Barbara County Public Works Department, Resource Recovery and Waste Management Division proposes to repair the cover or "cap" of the Santa Maria Airport Closed Landfill. The cover of the landfill has been eroded by wind and water, exposing waste, a condition that has been exacerbated by unauthorized recreational motorcycle use. Settlement of the refuse has resulted in depressions in the landfill's cap that collect water and increases the potential for water to infiltrate the waste resulting in decreased groundwater quality. The cap would be repaired by covering the closed landfill with soil.	NOD

2005051046	Valley Region Elementary School No. 9 Los Angeles Unified School District Van Nuys--Los Angeles LAUSD is proposing to construct and operate an elementary school serving 800 students in grades kindergarten through five with 32 classrooms, a library, multi-purpose room, administration offices, and a food service area. The proposed school would a two-story, 60,500 square foot building. School hours would be from approximately 8 am to 3 pm. Current plans are to operate the school on a single-track calendar year.	EIR	01/23/2006
2005091096	Lompoc Hospital Relocation Project Lompoc, City of Lompoc--Santa Barbara The proposed project involves the relocation of the existing hospital to an 8.1-acre site in the southeastern corner of the City of Lompoc. The new hospital facility is proposed as an approximately 111,000-square foot, 60-bed facility. Implementation of the project would involve the removal of the existing center on the project site.	EIR	01/23/2006
2004101084	USC Health Sciences Campus Project Los Angeles, City of Los Angeles, City of--Los Angeles The proposed project is to occur on seven development sites within the USC Health Science Campus (HSC). The seven development sites are identified as Development Sites A through G. The project consists of the development of between 585,000 and 765,000 SF of academic and medical research facilities as well as medical clinic facilities. The development sites currently contain surface parking lots and/or are underdeveloped. Parking accommodations to support the proposed academic and medical-related uses are also included as part of the project. The seven development sites comprise approximately 22 acres within the existing HSC. Actions requested by the applicant include: a General Plan Amendment from Public Facilities to General Commercial for Development Site C; a General Plan Amendment from Limited Industrial to General Commercial for Development Sites E and F; a Zone Change from PF to C2 for Development Site C; a Zone Change for the Development Sites to establish [Q] and/or [D] conditions; a Height District Change from IVL to 2 for Development Site D; a Zone Change from CM-1 to C2-2 for Development Sites E and F; a Variance from the distance requirement for parking to be provided within 750 feet of the proposed use; the abandonment of Henry Street through either a merger and resubdivision or a street vacation, and possible subdivision actions.	FIN	
2005121042	Chowchilla Annexation One Chowchilla, City of Chowchilla--Madera General Plan Amendment for approximately 231 acres, Rezoning for approximately 351 acres, Annexation of approximately 351 acres to the City of Chowchilla, proposed development of approximately 910 single family lots (some may be in a Planned Development) in three proposed subdivisions; approximately 130 multi-family units on approximately 9.3 acres; installation of water, sewer, drainage pipelines and basins, street improvements and other utilities. Construction of approximately 7.3 acres of parkland, and 23 acres of High School ball fields. Potential future construction of approximately 81,700 square foot commercial uses and approximately 595,000 square feet of light industrial and heavy industrial space in annexed area.	MND	01/09/2006

2005121049	TPM20727 / ER 03-02-008 (2 Parcel Subdivision) San Diego County Department of Planning and Land Use --San Diego The project proposes the subdivision of an 11.93-acre parcel into 2 parcels subject to the Regional Land Use Element 1.3 Estate Development (EDA) and General Plan Designation (19) Intensive Agriculture. The proposed project has gross parcel sizes of 2.44 to 9.41 acres.	MND	01/09/2006
2005121055	Tentative Tract TT-05-082; TR 17839 Victorville, City of Victorville--San Bernardino To allow for a 116-lot single-family residential subdivision on approximately 30 acres of partially disturbed land.	MND	01/10/2006
2005121041	Big West of California, LLC, CUP 3, ZV 3, Map 102-33 Kern County Planning Department Bakersfield--Kern Big West of California LLC proposes to construct and operate additional processing units within the existing refinery in order to increase production of gasoline and diesel fuel that meets California's specifications. A variance is requested to allow structures to exceed the 150 ft height restriction of the M-3 Zone District. Big West has also applied for a Conditional Use Permit for up to three new non-hazardous oil production and oily waste disposal facilities (injection wells) and four existing injection wells. The project sits on approximately 8 acres within the refinery and would modernize the refinery and improve efficiency. The goal of the project is to eliminate the export of gas oil by adding process equipment that can use a current product, gas oil, to make more gasoline and diesel, to produce fuels that meet California specifications, and to enhance overall safety at the facility.	NOP	01/09/2006
2005121046	Specific Plan for the Urban Transit Village Project El Monte, City of El Monte--Los Angeles The project is for a Specific Plan for the El Monte Urban Transit Village. The following land uses have been identified for the Specific Plan area; approximately 14 acres of public parkland; 100,000+/- square feet of educational and community facilities; 1,000+/- residential units; 350,000+/- square feet of office space; 350,000+/- square feet of commercial/retail space; 85,000+/- square feet movie theatre; 80,000+/- square feet of plazas; approximately 200 hotel rooms; approximately 6,000 parking spaces; and the existing Caltrans and Los Angeles County Metropolitan Transportation Authority Urban Mass Transit/Metropolitan Transportation Facilities as laid out in the MTA 2002 Division 9 Master Plan Report.	NOP	01/09/2006
2005121047	Amendment No. 7 to the Cimarron Redevelopment Plan Ontario, City of Ontario--San Bernardino The proposed project consists of an Amendment to the City of Ontario's Cimarron Redevelopment Plan. The primary characteristics of the Amendment to the Cimarron Redevelopment Project includes: Addition of ~1338 parcels to the existing Cimarron Redevelopment Area; Various related approvals required by California Redevelopment Law; Rezoning to bring the zoning of all parcels within the proposed redevelopment plan into conformity with their General Plan land use designations; Amending the general plan and zoning; Implementation of the City's Park Master Plan for Galvin Park and the surrounding recreation facilities; Establishment of a city well-water site. 2005124001	<p>Vegetation Clearing in the San Luis Rey River Flood Control Project U.S. Army Corps of Engineers Oceanside--San Diego</p> <p>The purpose of the proposed action is to enhance flow conveyance to the San Luis Rey River Flood Control Channel which currently provides less than optimal flood protection and reduce the risk of flood damage to life and property in the floodplain area of the tower 7.2 miles of the San Luis Rey River through the City of Oceanside, California. The vast volume of vegetation in the channel impedes the flow conveyance within the channel. By mowing and chipping vegetation in the river channel, the peak flow conveyance will be increased to minimize potential storm water outlets to the channel. This action will lessen the risk of flood water overtopping the levee and thus the potential of levee failure during significant storm events. To be effective, the action should occur before the onset of significant winter rains during the 2005-2006 winter season.</p>	EA	01/11/2006

<u>Documents Received on Monday, December 12, 2005</u>			
2005121053	Wal-Mart Supercenter & Retail Center Ridgecrest, City of Ridgecrest--Kern The proposed project consists of the construction of a Wal-Mart Supercenter, a gas station, and the grading of two out parcels on approximately 28.5 acres. Customer access to the project site would be via one driveway off of China Lake Boulevard and three driveways off Bowman Road. Delivery Truck access would be off of Silver Ridge along the eastern boundary.	NOP	01/10/2006
2005121054	Peninsula Village Overlay Zone Rolling Hills Estates, City of Rolling Hills Estates--Los Angeles The project consists of the creation of a new Peninsula Village Overlay Zone within a portion of the City's main commercial core. The purpose of the overlay zone is to provide for development of a mixed-use village, encouraging a range of housing opportunities in conjunction with the existing and future commercial/office uses. The Peninsula Village Overlay Zone is planned to be a mixed-use urban village combining high-density residences, office/service developments, and retail uses in a pedestrian-oriented environment.	NOP	01/10/2006
2005122044	Eureka High School Gymnasium Eureka Union School District Eureka--Humboldt Eureka USD proposes to create a gymnasium that would meet the current and future needs of Eureka HS students, athletes, and staff, primarily by providing adequate housing for physical education, health education, and team sports. The existing gymnasium facility is old and in need of extensive renovation. A new gymnasium is proposed for construction to the south of the existing Science Building, facing J Street. The proposed approximately 40,000 square feet gym will include a feature court, auxiliary gym, locker and shower rooms, classroom/team room, staff offices, wrestling/dance room/weight room, fitness room, storage rooms, restrooms, concessions, ticketing, and a lobby.	NOP	01/10/2006
1997031065	MRWMD Master Plan Update and Revised SWFP (Acceptance of Santa Cruz County Municipal Solid Waste) Supplemental ND Monterey Regional Waste Management District Marina--Monterey MRWMD is proposing to accept 30,000 tons per year of municipal solid waste from Santa Cruz County at their Monterey Peninsula Landfill (MPL). The acceptance of this waste is anticipated to continue for at least ten years (and may increase in volume up to 150,000 tons per day per year), until Santa Cruz County decides on a permanent method to dispose of future waste. The waste is currently landfilled at Santa Cruz County's Buena Vista Landfill on Buena Vista Road off of SR 1 near Watsonville. This IS analyzes the impacts of truck trips on SR 1 from Buena Vista Road in Santa Cruz County to Del Monte Boulevard north of the City of Marina in Monterey County.	Neg	01/10/2006
2005121057	Tentative Tract Map 17726 (9 Single Family Lots) Adelanto, City of Adelanto--San Bernardino The applicant is proposing a tentative tract map to subdivide an approximately 2.5-acre site into 9 single family residential lots with a minimum lot size of 7,200 sq. ft.	Neg	01/10/2006

	water pumps to facilitate balancing of revised systems, refurbish existing three-cell cooling tower to include adding basin liner, repairing rust-damaged components, replacing media, and servicing drive assemblies. Although the Boiler Plant Building is a historical resource for purposes of CEQA, all work will take place on the interior of the building, involving features that are not deemed significant, and will be carried out in conformance with the Secretary of the Interior's Standards for the Treatment of Historic Properties. The California Department of Veterans therefore finds that no adverse effect to historic resources will result from the project as proposed. The State Historic Preservation Officer (SHPO) provided written concurrence with this finding on November 17, 2005. The project would renovate worn equipment in an existing State-owned building and would not involve an expansion of existing use.		
2005128106	Modernization California School for the Deaf Project General Services, Department of Fremont--Alameda The proposed project includes a total interior renovation of the elementary building including interior walls, finishes, mechanical system, electrical systems. In addition, the project would upgrade the lighting in the Middle School building, High School building, and Vocational Education building. The project would renovate an existing State-owned facility, and would not involve an expansion of existing use.	NOE	
2005128107	Modernization School for the Blind General Services, Department of Fremont--Alameda The project includes major upgrades to the existing fire alarm system of the academic buildings of the campus. The existing manual fire alarms will be replaced with an automatic fire alarm system. In addition there will be accessibility upgrades for one set of student restrooms. The project would renovate an existing State-owned facility, and would not involve an expansion of existing use.	NOE	
2005128108	Transfer of Coverage to El Dorado County APN 80-192-26 (Bolen) Tahoe Conservancy Unincorporated--El Dorado Project consists of the sale and transfer of 452 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE	
2005128109	Transfer of Coverage to El Dorado County APN 25-594-04 (Jacobson) Tahoe Conservancy Unincorporated--El Dorado Project consists of the sale and transfer of 2,097 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE	
2005128110	Assignment of Ground Restoration Credit to El Dorado County APN 27-690-06 (El Dorado County) Tahoe Conservancy Unincorporated--El Dorado Project consists of the sale and transfer of 360 square feet of SEZ restoration credit from Conservancy-owned land, to a receiving parcel on which replacement of	NOE

1990010988	Antelope Valley Public Landfill Expansion Palmdale, City of Palmdale--Los Angeles The applicant is applying for certain modifications to the aforementioned CUP issued by Los Angeles County. The primary modifications sought are: 1) to enlarge the approved 114-acre refuse footprint by approximately 11 acres in order to reconfigure the two landfills into one contiguous disposal area and increase landfill capacity by approximately 14 million cubic yards; 2) update the overall area of the facility to 185 acres (adding 5 acres of ancillary facilities and other landfill property to the existing 180-acre area; 3) modify other certain physical and operational aspects of the landfill; and 4) obtain a single Conditional Use Permit entitlement by the City of Palmdale for the entire facility.	EIR	01/27/2006
2003032055	Gasser Master Plan Napa, City of Napa--Napa The project is the approval of a Master Plan for a mixed use development of the remaining 80 vacant acres of the Gasser Foundation property located in the southeast quadrant of the City of Napa.	EIR	01/27/2006
2004041081	Precise Development Plan and Desalination Plant Project (EIR 03-05) Carlsbad, City of Carlsbad, Oceanside, San Marcos, Vista--San Diego The project is a proposal to (1) construct and operate a 50 million gallon per day seawater desalination plant and other appurtenant and ancillary water and support facilities to produce potable water, including an offsite water delivery pipeline system; and (2) establish a Precise Development Plan (PDP) for the Encina Power Station (EPS). The desalination plant would be located at the Encina Power Station in Carlsbad. The offsite pipeline system would extend into the cities of Carlsbad, Oceanside, and Vista. The PDP would serve as the primary City of Carlsbad land use application for the desalination plant and as a document to establish existing land uses at and development land use standards for the EPS. The project does not proposed to modify EPS operations or existing facilities, other than discharge channel and electrical connections.	FIN

2004041041	Lake Calavera Reservoir Remedial Improvements Carlsbad, City of Carlsbad--San Diego Repairs to the existing Lake Calavera Reservoir intake and outlet works, spillway and access road, and outlet piping; construction of a new dam operations control building and security fencing. Repairs will require utilization of a small temporary water-tight structure with an inflatable gasket which will be placed around the upper section of the existing tower in order to pump out the water between this tower and the temporary structure for demolition and construction access. Once repaired, the normal operations of the reservoir will result in water level fluctuations between 190 and 208 feet elevation in accordance with an overall water management program.	MND	01/13/2006
2005122054	West Sacramento - Davis 115 kV Pole Replacement & Reconductoring Project Fish & Game #2 West Sacramento, Davis--Yolo PG&E proposes to replace existing poles and install conductor along approximately 12 miles of existing electric power line between the West Sacramento Substation and Davis Substation to accommodate increased electrical demands within the City of Davis. The original line was constructed in 1904 and the existing poles and conductors were installed in 1970.	MND	01/12/2006
2005122055	Grandview Inn St. Helena, City of St. Helena--Napa Request to convert a +/- 40-unit multiple family residential development into a 40-room inn with 14 residential units, all of which will be retained as affordable housing for very low, low and moderate income households. The project would include historic restoration of the main house, which was constructed at the turn of the 20th century, and would involve reuse of four of the existing buildings on the site. Two existing non-historic buildings would be demolished and replaced with a new 6-unit inn building, pool house and spa. Two existing driveways connecting to Main Street (hwy. 29) would be combined into a single driveway extending across from Pratt Avenue to provide for a standard intersection. A left-turn lane is also proposed that will necessitate the removal of 250' of curbside parking on both sides of Main Street, which will require Caltrans review and approval. A retaining wall supporting grade at a surface parking area and a new storm drain outfall into York Creek are also proposed.	MND	01/12/2006
2005121073	PC19-055, The Vineyards Specific Plan Vista, City of Vista--San Diego The project consists of a General Plan Amendment, Zone Change, Specific Plan, Site Development Plan and Tentative Subdivision Map to develop 59 single family residential units and 47 live/work townhomes inclusive of three affordable units.	NOP	01/12/2006
2005121074	Travelodge Hotel Project (1515-25 Ocean Avenue and 1530 2nd Street) Santa Monica, City of Santa Monica--Los Angeles The proposed project involves the demolition of the existing Pacific Sands and the Santa Monica Beach Travelodge motels and the construction of a four-story, 45-foot high, 89,900 square foot hotel with 164 guest rooms on a 45,000 square foot site. The project consists of two buildings, connected at the upper levels by a pedestrian bridge across 1st Court alley. The Travelodge Hotel Project also includes ~3,270 square feet of retail space along the ground floor 2nd Street	NOP	01/12/2006

	frontage, a 750 square foot meeting room, a 370 square foot exercise room, outdoor swimming pool and spa pools, and a four-level 297-space subterranean garage. Of the 297 parking spaces, 97 are in excess of Code requirements and would available to the public at rates commensurate with current market values.		
2005121071	College Avenue Pump Station Rehabilitation Project Orange County Sanitation District Costa Mesa--Orange The proposed project would design and construct architectural, structural, mechanical, electrical, instrumentation and control improvements, to bring the existing pump station into compliance with Sanitation District standards, and local, state, and national codes.	Neg	01/12/2006
2005121072	Newport Island Channel Circulation Improvement Project Newport Beach, City of Newport Beach--Orange Installation of Oloid water circulation devices in Newport Island Channel to improve water quality.	Neg	01/12/2006
2005121075	Fillmore Central Avenue Storm Drain Improvements Fillmore, City of Fillmore--Ventura Upgrade of storm drain and water conveyance infrastructure beneath Central Avenue, Storm Drain System Improvements include removal of 40 feet of existing RCP and installation of the following components: 2,850 feet of 60" RCP; 350 feet of 18" RCP; nine catch basins; 14 storm drain manholes and one junction structure. Water conveyance improvements include removal of 1,000 feet of 10" cast iron waterline and installation of 2,820 feet of 14" PVC waterline. Construction of the proposed project would occur in block-long segments beginning at the south end of the project area where Central Avenue intersects River Street, commencing northward upon completion of each segment. However, the segment that crosses River Street would be timed to occur during intersection improvements that are planned at Central Avenue and SR-126. During construction activities, staging of materials and equipment would be confined to the Central Avenue right-of-way.	Neg	01/12/2006
1995011015	Newhall Ranch Specific Plan and Water Reclamation Plant Los Angeles County Santa Clarita--Los Angeles The project action is for the County of Los Angeles Board of Supervisors to implement a previously adopted mitigation measure by initiating proceedings for the formation of a county sanitation district for the Newhall Ranch Specific Plan area, pursuant to California Health and Safety Code §4700, et seq.	NOD	
2002119034	Hillside Meadows, TM 5203RPL San Diego County --San Diego The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number R5-2003-0058 pursuant to Section 1602 of the Fish and Game Code to the project applicant, Lakeside Investment Company, LPP. The applicant proposes to alter the stream to develop a 142-lot residential subdivision, 2 industrial lots, a public park, and a 20-foot trail easement. The project involves grading, filling, housing, construction, placement of utilities, landscaping, storm drains, noise attenuation walls, retaining walls, residential streets, and sidewalks. The project also involves the grading of 156,000 cubic yards onsite including the import of 102,000 cubic yards of imported fill.	NOD

2003022122	Siller Ranch (EIAQ-3735) Placer County Planning Department --Placer The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number 1600-2005-0057-R2 pursuant to Section 1602 of the Fish and Game Code to the project operator, DMB/Highlands Group, LLC of Truckee, CA: The project consists of thirty stream crossings for infrastructure associated with the Siller Ranch development project.	NOD	
2004112060	Cochrane Road Planned Unit Development (PUD) EIR Morgan Hill, City of Morgan Hill--Santa Clara The project applicants are proposing to construct a 657,250 square foot sub-regional shopping center on a 66.49-acre site located at the northeast quadrant of Cochrane Road and U.S. Highway 101. The proposed project would include two large anchor stores, retail shops, restaurants (sit-down and fast-food), and 63,200 square foot multi-plex cinema with up to 14 screens and an optional 12-position fuel station that would incorporate a 1,600 square foot convenience market and a 600 square foot car wash as a substitution for 6,000 square feet of retail space. The proposed anchor stores could consist of the relocation and expansion of the "Target" store. Other retail uses anticipated for the shopping center would include a home improvement store, grocery store, wholesale store or department store. The proposed project involves a number of entitlement requests: General Plan Amendment, Zoning Amendment, Subdivision, Development Agreement, Use Permit, and Architectural and Site Plan Review applications.	NOD	
2005051056	Cedar Glen Disaster Recovery Redevelopment Project San Bernardino County --San Bernardino Implementation of the Disaster Recovery Redevelopment Plan for Cedar Glen, including construction of reservoirs, vegetation clearing for fuel modification, construction of parks, preservation of open space areas, construction of new affordable housing, including single family and multi-family units, and rehabilitation of older (and construction of new) commercial uses.	NOD	
2005081002	Arroyo Flood Control & Enhancement, UCR Project # 950410 University of California, Riverside Riverside--Riverside The project consists of construction of both above ground and below ground improvements to the existing storm water management system within the east campus with a primary objective of eliminating the existing flood hazard from sites planned for future academic uses. Restoration of surface drainage features, establishment of native landscape elements, and enhancement of riparian functions and values are also aspects of the project. The project consists of construction of new inlet facilities, a new detention basin, re-grading of existing channels and basins, installation of new and larger box culverts and construction of a new outlet structure. The project site consists of approximately 12 acres along Big Springs Road & North Campus Drive from Valencia Hill Drive on the east to Canyon Crest Drive on the west. An additional component is located generally southeast of the intersection of Campus Drive & Big Springs Road along the Botanic Garden tributary.	NOD

2005121078	Clinton Street / Miles Avenue Widening & Bridge Project Riverside County Planning Department Indio--Riverside Clinton Street and Miles Avenue are planned to be widened from two to four lanesl, with sidewalks, curb and gutter. This will improve traffic circulation and pedestrian safety. The Whitewater River at Miles Avenue is a low-water crossing that will be replaced by a bridge. This will eliminate closures that currently result from storm flows.	Neg	01/13/2006
2005122056	Donald G. & Bonnie Mae Lovelace Zone Change / Tentative Parcel Map (Z-05-07 / TPM-05-09) Siskiyou County Planning Department Yreka--Siskiyou The applicants request approval for a Tentative Parcel Map to divide 392 acres to create four parcels, 40 acres, 42 acres, 77 acres, and 68 acres in size, with a 165 acres designated Remainder. The applicants request a concurrent Zone Change from AG-2 B-20 to AG-1 for an area of land on proposed Parcel 1 and the Remainder, based on additional soils information from on-site soils evaluations.	Neg	01/13/2006
2005122057	Borup Tentative Parcel Map 04TPM-59(3) Tuolumne County Community Development Dept. --Tuolumne Tentative Parcel Map 04TPM-59(3) to divide a 117.2 +/- acre parcel into five parcels ranging in size from 20.0 +/- to 38.7 +/- acres.	Neg	01/13/2006
2005122058	Grant Street Village Healdsburg, City of Healdsburg--Sonoma Construction of 39 residential units, primarily duets, and the subdivision of 4.84 acres into 40 lots, including one lot for office use. Homes would range in size from 1,117 to 1,642 sq. ft.; lots would be 1,970 to 3,020 sq. ft. in area. Linear park would be provided along Foss Creek and the riparian habitat would be restored and enhanced.	Neg	01/13/2006
2005122059	Country Club Townhomes Tentative Subdivision Map; PUD2005-0001 and TSTM2005-0027 Yuba County --Yuba The project consists of a Tentative Subdivision Map for a proposed Planned Unit. The project will develop a 42-unit affordable housing condominium project and one common space on 1.73 acres. Each unit will be located on an individual lot. Parking spaces of 77 will be provided. A Planned Unit Development has been submitted to allow for greater density, reduced parking requirements.	Neg	01/13/2006
2005122060	MS05-0003 - Two Lot Subdivision Contra Costa County Community Development Martinez--Contra Costa Proposed two lot subdivision to divide 10.45 acres into two approximately 5 acre parcels.	Neg	01/13/2006

	width would increase from 11.3 to 28.0 m (37 to 92 ft.) including 1.5 m (0.46 ft.) sidewalks. The project limits are from Limestone in the south to Pasteur in the north; these limits include the restriping of the existing roadway, which is necessary to the new widened facility to the existing roadway. The sidewalk and curb and gutter improvements would be limited to approximately 40 m (131 ft.) north of the bridge and approximately 10 m (33 ft.) south of the bridge. In order to provide safe facilities for pedestrians and bicyclists, chain-link fencing and overhead lighting would be added to both sides of the bridge. Additional elements of work would include seismic retrofit of the existing bridge and the relocation of Caltrans traffic surveillance cameras, currently mounted on the west side of the bridge, as well as the traffic detection loops located below the bridge in the I-405 traffic lanes to University Drive / Jeffrey Road bridge.		
2005091083	CR & R Green & Wood Waste Recycling Facility - Negative Declaration PA 050029 Orange County San Juan Capistrano--Orange The SWFP will allow the establishment and operation of a Materials Recover Facility in rural Orange County on a 5-acre parcel. The type of material received will be limited to residential waste, commercial waste, industrial waste and construction and demolition waste. The facility may chip and grind green material and operate in-vessel composting for food materials. For the first six months the site would operate 12 hours per day 6:00 AM to 6:00 PM Monday through Saturday and then operate 24 hours per day seven days per week. The peak tonnage would be 980 tons per day with peak traffic of 217 vehicles per day.	NOD	
2005102056	Grant Line Road Widening Project Elk Grove, City of Elk Grove--Sacramento The proposed project would widen Grant Line Road from two to six lanes between Survey Road and Waterman Road from two to four lanes between Waterman Road and just northeast of Bradshaw Road. The Grant Line Road/Waterman Road and Grant Line Road/Bradshaw Road intersections would be realigned for safer turning movements and visibility, and traffic signals would be installed at these locations. The existing at-grade UPRR crossing (UPRR Grant Line Road, M.P. 54.00) would also be replaced with a grade-separated overhead structure. A new access road to Suburban Propane would be provided from East Stockton Boulevard to the north side of the Suburban Propane property. A 6-foot bicycle and a 6-foot sidewalk would be provided both north and south of the roadway between Survey Road and Waterman Road and along the west side of Waterman Road within the project limits. East of Waterman Road, an eight-foot striped shoulder would accommodate bicycles traveling along Grant Line Road. Additionally, crosswalks would be installed at the Survey Road/Grant Line Road, Waterman Road/Grant Line Road, and Bradshaw Road/Grant Line Road intersections to provide safe bicycle and pedestrian crossing.	NOD	
2005102073	Randle Heights Subdivision (P04-263) Sacramento, City of Sacramento--Sacramento The project consists of entitlements to develop a 27 lot single family alternative subdivision of 2.27+- gross acres. Specific entitlements include: a Rezone from the Standard Single Family (R-1 zone to the Single Family Alternative (R-1A) zone; a Tentative Map to subdivide one 2.27+- acre lot into 27 lots; and a Special Permit to develop 27 single family alternative housing units on 2.27+ acres.
